

company profile of TaskME

TASKME

GET JOBS DONE!

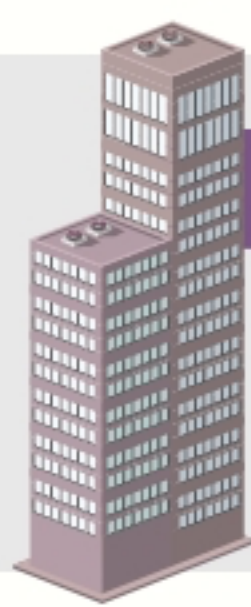

TaskMe is a service application for mobile phones and also provides an online website for it's users. It is about the intermediation of services close to home. People help other people and get money for small tasks, like mowing the lawn, caring about pets.

OUR VISION

Our vision is to generate added value for the society and to socialize people within a region together while getting things done!

OUR MISSION

Our mission guideline: we want to encourage the people to share tasks and help each other!

OUR SERVICE

help to accomplish private tasks

socialize people in their region

fast, cheap and private service

connecting people to help each other

André Englet CEO

André Englet is 26 years old and studied Information Management and Corporate Communication at the University of Applied Sciences in Neu-Ulm. He is the founder of the app TaskMe and wants to help people to socialize in their region.

Philip Hertle CMO

Philip Hertle is 28 years old and studied Information Management and Corporate Communication at the University of Applied Sciences in Neu-Ulm. He is a good friend of André and is responsible for all tasks regarding marketing at TaskMe.

OUR FUTURE

we are planning to expand within the next three years to other countries worldwide and also increase our workforce internationally

starting with Germany's big cities in the next 1-2 years (Munich, Berlin, Hamburg, Köln), we want to expand to other European countries in the next 3-4 years (France, England, Italy)
